About Bloom Youth

A non-profit education platform made for youth to accelerate their talents. We equip youth with the mindset, skills, knowledge, mental resources, as well as access to mentors and opportunities to grow individually. Our engagements and mentorship provide opportunities for youth to learn skills needed to be successful in the workplace, as well as guidance to create their individual career paths. Our goal is to provide guidance and awareness to youth who do not have access to traditional education and/or career pathways, youth who are not yet equipped to enter the workforce due to lack of skill building opportunities, and youth who can benefit from having a mentor as a resource in their career creation.
